

Truly a classic:

Reliable products, reliable performance,
promises kept

HP Renew Program

Music to your ears: proven technology that drives results

The HP Renew Program is a worldwide strategic initiative from HP designed especially to complement new product sales. It offers you an alternative to new HP products, with an extensive portfolio of quality HP products, remanufactured by HP and backed by the original HP manufacturer's warranty.

Products are sourced from factory excess, customer returns, ex-demonstration stock, factory loaner equipment and trade-ins. More than 80% of the equipment is less than 12 months old. The latest HP technology is also available, as product returns often begin shortly after their initial introduction.

Great performance: compatible products, competitive prices

Price/performance with HP guarantee

Your budget is tight but you still want HP quality? Then the HP Renew Program is designed for you. An affordable price and the original HP manufacturer's warranty are just the beginning.

Available solutions

You want it and you want it now? The HP Renew Program can often deliver at short notice and source from an extensive worldwide inventory – a great backup solution when new products may not be immediately available. The ability to mix and match equipment lets you reach a cost-effective and high-quality solution.

Defy time with HP Renew

You may not always want to apply the very latest technology or keep pace with short technology lifecycles. Defy time and maintain your existing IT infrastructure while adding upgrades and expanding to the next generation – at your own pace.

Compatible solutions

Get the most out of your budget by 'mixing and matching' new HP products with the HP Renew portfolio, ensuring HP quality and reliability, coupled with compatibility and performance for future growth.

The HP Renew portfolio

HP NonStop servers

HP business critical servers
(HP-UX and Alpha)

HP industry standard servers

HP networked storage solutions

HP workstations

HP PCs

HP mobile computers

HP printers

What can we offer you?

- An extended HP portfolio
- Latest HP technology
- Flexibility in product configuration
- Great price/performance
- Access to older technology
- HP warranty, service and support options
- "As new" products with manuals and accessories
- Peace of mind and satisfaction

The HP logo is rendered in a white, lowercase, sans-serif font. The letters 'h' and 'p' are connected at the base. The logo is positioned on a dark teal background that features a large, white, stylized graphic of the letters 'HP' in the background.
